The RAeS Hamburg in cooperation with the DGLR, VDI & HAW invites you to a lecture

Annual Gerhard Sedlmayr Lecture and RAeS 150th Anniversary Event

Training for Resilience

Captain **David Owens** FRAeS, Senior Director, Flight Crew Training Policy, Airbus

Date: Tuesday, 5 July 2016, 18:30

Location: Airbus Conference Center (ACC),

Main Entrance / Osttor, Airbus, Kreetslag 10, 21129 Hamburg

David Owens will describe the changes in flight crew training which he feels necessary to generate such "Resilience" defined as "the ability to recognise, absorb and adapt to disruptions".

David emphasises that the basis of such qualities starts with careful candidate selection and goes on to describe possible scenarios during simulator training. To ensure that the correct standards apply across the industry, he considers that crews should be trained to the aircraft manufacturer's Standard Operating Procedures – this will become essential in future when it is estimated that 15,000 newly qualified pilots will be required each year worldwide

The lecture will be followed by a round-table discussion. Participants are:

David Owens, Airbus

Capt. Manfred Müller, Flight Safety Research, DLH

David Learmount, Consulting Editor FlightGlobal

Capt. Nils Bartling, Director Flight Ops., TUIfly

Chris Parsons, Chief Engineer, Technical Authority Air Safety, Atkins

TBA

Important. If you do not hold an Airbus security pass, please email susanne.altstaedt@airbus.com or telephone 040 743 72170 before **14:00 on Thursday, 30 June** to register. Unfortunately we will not be able to process any pass requests received after this deadline.

On arrival at the Airbus Reception you will be required to show your passport or identity card. Failure to register or produce the required identity will mean that you cannot enter Airbus.
